

A powerful new tool to save money & improve health.

Providing your team with 24/7 phone or video access to doctors and other health professionals will have a significant impact on your team, and your organization.

Save on Healthcare Expenses

By replacing expensive Urgent Care or ER visits with a more cost effective, easy to use solution, you will save your company money.

Improve Health & Wellness

Quicker access to quality care leads to healthier results. Call A Doctor Plus delivers 24/7 access to the care your team needs in minutes.

Reduce Absenteeism

When your team is healthy, engaged and working, your company thrives. Give your team the tools they need to stay healthy and productive.

Boost Morale & Engagement

Show your team how much you value them by providing them a powerful new tool that will save time, save money and improve their quality of life!

Enhance Your Benefits Plan

Tired of cutting benefits to keep costs in line? Your team is too! Give them something that will help your organization while also enhancing their benefits.
